- 15 Frequent incontinence, ostomy/colostomy/ Foley requiring staff assistance
- 20 Every 2 hour toileting /bladder/ bowel care

LEVEL OF CARE SERVICES

Residents in the Lillian Pratt Building are assessed according to their appropriate Level of Care (LOC). Charges are calculated on a scale where residents are assessed monthly to monitor the changes in Level of Care. Charges are based on personnel need and the amount of time involved in providing assistance to a resident. Level of care charges are added to a resident's standard monthly room and board fee. Our nursing staff determines the initial level of care for each resident, and the level may increase or decrease after the resident settles in and begins a routine.

Point Totals and Levels

Points	Level
0-4	1
5-14	2
15-29	3
30-45	4
46-75	5

*76 points or greater prompts discussion of resident's needs and further options.
